

## Aisle Lighter NHB 3 & 6-Lamp Strip Conversion Kits

**Applications:** Perfect conversion to energy efficient T8 & T5HO luminaire for long linear lighting 15ft –20ft in height. Designed to replace T12 and T12HO strip fixtures.

Available in 4ft & 8ft T8, 32 Watt & T5HO 54 Watt, 3-Lamp and 6-Lamp configurations

### General Description:

Aisle Lighter Narrow High Bay (NHB) Reflector Conversion kits are designed to convert standard T12 and T12HO strip fixtures to a highly efficient 3-Lamp T8 or T5HO 8ft luminaire; or 6-Lamp T8 or T5HO 8ft luminaire.

Conversion maximizes fixture efficiency and provides uniform light distribution. Reflector can be easily removed for maintenance without tools.

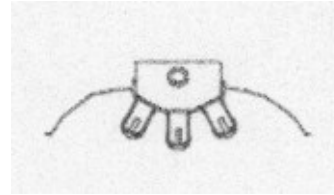

Kits are available in T8, 32 Watt & T5HO 54 Watt, 3-Lamp and 6-Lamp configurations.

### Electrical:

- Kits available with pre-wired CEE Listed NEMA premium ballast.
- Underwriters Laboratories listed

### Features:

- Ballast access without the use of tools
- White or Enhanced aluminum reflector material option
- Reflector material is constructed from highly polished, quality aluminum

### \*Reflector Material Type

EA = 95% Enhanced Aluminum  
WA = 91% White Aluminum

### Benefits:

- Wiring components are mounted to the one-piece back housing, permitting easy access by removal of the cover without removing fixture.
- An economical choice to replace T12 & T12HO strip fixtures
- Surface mount, chain hung, pendant mount or can be hung in continuous rows

### Standard HNB Conversion Kits Include:

#### 3-Lamp or 6-Lamp \*

- Reflector
- Brackets
- Leads
- Sockets
- Tek screws

### Standard HNB Conversion Prewired Include:

#### 3-Lamp

- Reflector
- Brackets
- Prewired leads & sockets
- Tek screws

### Standard NHB Conversion Prewired with Ballast Include:

#### 3-Lamp

- Reflector
- Brackets
- Prewired leads, sockets and ballast
- Tek screws

\*Component quantity depends on fixture configuration.
