

I Series Industrial Fixtures

Applications: Warehouse, retail stores, factories and other industrial spaces

Available in 1-Lamp, 2-Lamp & 4-Lamp configurations

General Description:

The **I Series** Fixture is a high quality, all-purpose shallow economy industrial fixture with symmetrical reflector. Side knockouts are included for convenience outlet, pull switch and conduit.

These fixtures are designed for surface, stem or chain hanging and may hang as individual units or in continuous rows.

I Series Fixtures are assembled locally and are available in a variety of lamp and ballast configurations.

Electrical:

- Standard fixtures utilize instant start electronic ballasts.
- Universal voltage (120v -277v) ballasts are standard on all T8 fixtures.
- All T8 ballasts have a min. ballast factor >.87 as ANSI specified, and a min. power factor >98%.
- All ballasts have input frequency 50/60Hz, low THD: <10%, and minimum starting temperature of 0 F (T8).

- All ballasts are UL listed, and meet ANSI C82.11 specifications for electronic ballasts.
- High light output, low light output, rapid start and programmed rapid start ballasts available.
- All ballasts carry a five year warranty.

Features:

- Available in T5 and T5HO configurations
- Available in 1, 2 and 4-Lamp configurations with a variety of ballast options
- Side knockouts are included for convenient access to components
- Can be surface mounted, or stem or chain hanging
- May be hung in continuous rows or individually

Add-ons:

- Programmed Start Ballast**
- Dimmable Ballast**
- Sensors**
- Controls**
- Lamps**
